Fiscal Year 2018-19

Overview

A charter school is required to comply with all of the state financial and budget rules, regulations and financial reporting requirements pursuant to Section 22-30.5-112(7), C.R.S. This form is required pursuant to Section 22-11-206(4), C.R.S. when an authorizer does not provide assurances for the charter school(s) within the authorizer's FORM AFA2019 or to support compliance monitoring by the authorizer. The assurance form must be submitted certifying substantial and good-faith compliance with the a) School District Budget Law, b) Financial Policies and Procedures Act, c) Public School Financial Transparency Act, and d) accounting and reporting. The Colorado Department of Education monitors compliance by reviewing finance data pipeline submissions, audited financial statements, financial transparency websites, and responses from management to inquiries related to those reviews. Good-faith compliance is determined, in part, by the assurances provided below as certified by those charged with governance.

Data Integrity Checks

Compare data file to Audited Financial Statements *by fund*

- Total revenues on file = Audit
- Total expenditures on file = Audit
- Total fund equity on file = Audit

File check

- Assets = Liabilities + Fund Equity
- EFB - Revenues + Expenditures = BFB

Data file should mirror audit except Student Activity Deposits

- Report Deposits held in Custody as fund balance on file instead of liability
- Report additions and reductions of deposits as revenues and expenditures

Separate Fund Balance as reported on audit

- Governmental - Assigned, Unassigned, Non-spendable, Restricted, Committed
- Proprietary – Net Investment in Capital Assets, Restricted Net Position, Unrestricted Net Position
- TABOR

Be sure to include audit adjustments/reclassifications on file

- Resubmit updated file if needed

Reporting Per Pupil Revenue (PPR)

PPR is reported at the **GROSS** amount and excluding the rescission

Fees and intercept are reported as expenditures or as appropriate **NOT NETTED** to PPR

CDE administrative withholding is expensed **USE OBJECT 0399**

CSI administrative withholding is expensed **USE OBJECT 0595**

CSI Rebate is abated to the CSI Administrative Expense **USE OBJECT 0595**

Other Tips

Don't use Government Wide Statement

Be sure to use the governmental fund or **by fund**, not government wide/statement of net assets and statement of activities presentation, when compiling the data pipeline file

CSI Monthly Payment Report and Check Figures

Use Monthly Payment Report to verify throughout the year

Final check figures will be given to schools by 7/31 unless you turn in grant RFFS after the RFF deadline

Revenues should match Check Figures provided by CSI

If your audit is sooner, please let us know

Internal Service Fund Revenues

Building Corporations

- Continue to record the rental expense in General Fund and revenue in the building corp as you normally would
- Record the revenue in the building corp as Internal Service Revenue-Other: xx.9xx.00.0000.1978.000.0000 150,000.00
- Add this eliminating entry to remove duplicate reporting:
 - Debit – xx.9xx.00.0000.1979.000.0000 -150,000.00
 - Credit – xx.9xx.00.2600.0529.000.0000 -150,000.00
 - The debit and credit above are only added to Data Pipeline file – **DO NOT** record on books – Sample below
- Applies to foundation, debt, building, or building corp funds; 27, 39, 41, 52-59, or 61-69 respectively
- For further information on internal service revenue, see the CDE Chart of Accounts – <http://www.cde.state.co.us/cdefinance/sfCOA.htm>

Coding Correctly for Indirect Cost Calculation

- During the April, 2015 on-site visit of the Indirect Cost Rate Group from the US Department of Education, in order to have the Indirect Cost rate methodology approved, CDE was asked to isolate “executive/cabinet level” positions and treat those positions similar to how Superintendents are treated for the Indirect Cost rate calculation.
-
- After discussion and effective FY2015-16, the Department recommended that adding 4 new bolded Program Codes, and revising the roll up rules for 8 existing unbolded Program Codes caused the least impact to the Chart of Accounts, and the least amount of work for districts.
-
- Defining Cabinet level positions:
 - **Cabinet level positions meet the following three criteria:**
 - Chief Executive Officers (heads of departments)
 - On the Superintendent’s executive team,
 - Report directly to the Superintendent
