

Cross Collection Exit Code Discrepancies – EOY and SPED EOY

The comparison of exit codes across collections is a step CSI completes every summer with schools with discrepancies being notified. CSI recommends that all schools review their exit information prior to submitting to expedite this validation process.

Exit Codes should generally match across the SPED EOY and EOY collections with the exception of the below Exit Types/Basis of Exits:

Cross Collection Exit Code Discrepancies			
General Education Exit Codes		Special Education Exit Codes	
Exit Code Transfers		Exit Codes – Outgoing Transfers	
10	<p>Grade reassignment in same school A student who remains within the same school but whose grade level is being changed during the school year (examples: beginning of the school year retention, a mid-year grade promotion, etc.)</p>	10	Not used in Special Education because the student remains in a special education program
11	<p>Transfer to a public school in the same school district - A student who transfers from one public school to another public school within the school district. Do NOT use this exit code for students who will be matriculating from one school (i.e. 8th grade middle school) to another school (i.e. 9th grade high school) in the same district.</p>	11	Not used in Special Education because the student remains in a special education program. Former school should exit student with a new entry in the latter
12	<p>Transfer to a detention center within district. A student whose educational services have moved from a public school to an educational program at a detention center within the district. School district staff members are providing the educational services at the detention center. Detention Center List: https://cdeapps.cde.state.co.us/ade_detention_codes.htm Note: There are currently only 9 districts that operate detention centers. Only those 9 districts may use this exit code.</p>	12	Not used in Special Education because the student remains in a special education program
19	<p>Transfer to a Licensed Eligible Approved Facility School or State</p>	19	Not used in Special Education because the student remains in a special education program

	Operated Program and is attending an on-grounds school - Student is publicly placed in and is attending an on-grounds educational program in a licensed Approved Facility School (E.g. Residential Child Care Facility, hospital), or in a state-operated program (e.g. Colorado School for Deaf and Blind, Pueblo Mental Health).		
20	Transfer to a facility administered by the district. A student whose educational services have moved from a public school to an educational program at a facility within the school district. The educational program in the facility is administered by the district. NOTE: At present, only four districts in the state maintain such facilities.	20	Not used in Special Education because the student remains in a special education program
22	Student exited the district after previously being erroneously coded as a graduate in a prior year. These students must have entry type 90 or 91 (re-entry after being coded as a graduate in a prior year). This exit code removes the student from both the numerator and denominator for the graduation and completion rates to prohibit one student from counting as a completer/graduate in multiple cohorts.	22	Not used in Special Education because the student has the exit code 90 or 91
25	Extended absence. Student is absent for 10 or more consecutive days of school. Applies whether the absence is excused or unexcused. Not applicable if the student attended another educational environment at any point during the absence. Used only to calculate mobility rates.	25	Not used in Special Education because the Special Education EOY snapshot is only looking at the student's status at the very end of the school year
26	Transfer to a detention center (out of district). A student whose educational services have moved from a public school to an educational program at a detention center. All districts may use this. Detention Center List: http://www.cde.state.co.us/datapipeline/org_detention	26	Not used in Special Education because the student remains in a special education program
Exit Codes – Other Withdrawals		Exit Codes – Other Withdrawals	
50	Expulsion – A student who leaves school involuntarily due to an expulsion approved by appropriate school authorities and is not receiving any education benefits while expelled. <u>Applies only to students who are expelled and do not return before the end of the reported school year.</u>	50	Expulsion – A student who leaves school involuntarily due to an expulsion approved by appropriate school authorities and is not receiving any education benefits. <u>Students who receive education benefits (such as tutoring) during expulsion are not considered expelled/exited for EOY purposes.</u>

55	Expelled without educational services and returned to a district school before the end of the reported school year	55	Not used in Special Education EOY because the student returned and is currently in a special education program. This information is collected in Special Education Discipline.
56	Expelled with educational services – student who is provided educational services by the district during a period of expulsion. These services may include tutoring, participation in an on-line education program or school operated by the district, or placement in a designated expulsion program operated by the district.	56	Not used in Special Education EOY because student is still receiving services. This information is collected in Special Education Discipline.
60	Not used in Student EOY	60	Parent Revokes Consent for Services – Subsequent to the initial provision of Special Education and related services, the parent revokes consent.
Exit Codes – Graduating or Completing (9-12th Grades only)		Exit Codes – Graduating or Completing (9-12th Grades only)	
95	Student received a diploma in the current year after being reported as a HSED recipient <u>by the reporting district</u> in a previous collection year.	95	Not used in Special Education EOY
