RITS Home

The purpose of the Record Integration Tracking System (RITS) is to be able to assign each student in the state of Colorado a unique student ID that will stay with the student until they are 24 year of age.

There are three ways to obtain a State Assigned Student ID (SASID):

- 1. Add Single Student**
This method allows the institution to submit a single student's information and to obtain a unique ID for the submitted student. This function is not available to users with "Read-Only" access to RITS.
- 2. Add Multiple Students**
The purpose of the Record Integration Tracking System (RITS) is to be able to assign each student in the state of Colorado a unique student ID that will stay with the student until they are 21 years of age.
- 3. Data Pipeline File Upload**
The purpose of the Record Integration Tracking System (RITS) is to be able to assign each student in the state of Colorado a unique student ID that will stay with the student until they are 21 years of age.

RITS Access

Due to the sensitive nature of student Personally Identifiable Information (PII), school leaders must email submissions_csi@csi.state.co.us to request a staff member gain access to the RITS system.

The screenshot shows the Colorado Department of Education website. At the top left is the CDE logo and the text "COLORADO Department of Education". To the right is a search bar and a "SITE INDEX" link. Below this is a navigation bar with links for "FAMILIES", "EDUCATORS", "DISTRICTS", "COMMUNITIES", and "SCHOOLview®". A teal banner below the navigation bar contains a red medical icon and the text "STAY INFORMED: Visit CDE's COVID-19 Resources for Schools page". The main content area is titled "Home » Identity Management Applications:" and features a section for "Record Integration Tracking System (RITS Web System)". Under this section, there is an "About RITS" heading and a paragraph stating "RITS, or Record Integration Tracking System, assigns each student in the state of Colorado a unique student ID." Below the paragraph is a blue button with a red border labeled "Log in to RITS". To the right of the main content is a sidebar titled "Identity Management Applications:" which lists various systems: CEDAR, Data Pipeline, EDIS (Educator Identification System), ESSU Data Management, EZREPORTS, Facility Schools Student Data, IDEA Budget and Expenditures, LACES (Adult Education), RANDA (Performance Management System), RITS (Record Integration Tracking System), and SEEDC (Student Engagement Evaluation).

SASID Resources & Support

For additional support, consider reviewing the following resources and optional exercises.

Resources to Review:

- [SASID/EDID Requests Resource page](#)
- The Quick Reference Table at the bottom of the SASID Resource page

Exercises to Complete:

- Download the SASID Request and Update Template if you do not already have it.
- Practice the 'Best Practices' search techniques in RITs to get a feel how to successfully search in RITs.

Thank you!
