

HR Coding Scenario Guide

Colorado Charter School Institute

2022 – 2023

[GENERAL OVERVIEW](#) | [LEADERSHIP](#) | [SUPPORT STAFF](#) | [INSTRUCTIONAL STAFF](#)

GENERAL OVERVIEW

CSI developed the following coding scenario document using historical data reported in the Human Resources (HR) collection. The coding combinations listed in the tables below are the most commonly occurring ones for staff reported in the Staff Assignment interchange file of the HR collection.

Schools can use the coding scenario tables below in combination with the 2021-2022 Staff Assignment (SA) file layout (available on the [CSI website](#)) to help determine coding combinations to use in the Staff Assignment file for each staff member record(s). The file layout lists definitions for each of the Job Classification Codes, Teaching Subject Areas, and Administrator/Instructional Area columns in the tables below. The tables are categorized into three main staff type areas: Leadership; Support Staff; and Instructional Staff. Only the most commonly occurring staff roles for CSI are listed. If you cannot find the staff role that you are looking for, then you should check the SA file layout to see if it's listed there.

Grant Project/Funding

Schools will need to provide a grant funding code for all SPED and non-SPED staff with job class codes of 201 (general education teacher), 202 (special education teacher) 206 (Title I teacher), 222 (reading interventionist), 223 (math interventionists), 415 (general education teaching assistant) 416 (special education teaching assistant), and 419 (Title I teaching assistant). Allowable grant funding codes are listed in the SA file layout. As of 22-23, schools are no longer required to code SPED staff differently than general education staff as codes 4027 (IDEA) and 3130 (ECEA) have been removed. Schools should use 0001 for Local/Intermediate Project Grants and 3000 for State Projects/Grants for all staff with the job classes listed above. Grant Code 0000 is not allowed for SPED staff, Title I, nor non-SPED staff with job class codes of 201, 206, 222, 223, 415, and 419.
