

Security Agreement 2022-2023

ACCESS Suite of Assessments

Maintaining the security of all test materials is crucial to obtaining valid results from the ACCESS assessments. The security of all test materials must be maintained before, during, and after test administration. Because you participate in the administration of the ACCESS assessments, it is important for you to know that the prohibited activities on the following list threaten the integrity of the test. Engaging in prohibited activities may result in an investigation, suppression of scores, and possible disciplinary action.

All WIDA assessments and related materials are the copyright of the Board of Regents of the University of Wisconsin System. Should an egregious security incident occur compromising WIDA's intellectual property remedies for violations will be governed by Wisconsin State Statutes.

This form must be signed by all individuals involved in the administration of the ACCESS assessments to certify that security measures will be maintained and that prohibited activities, such as the examples identified below, have been acknowledged and understood.
