

2025-2026 Staff Profile Interchange File Layout

Purpose:

CSI clarifications and additions are in green font in this document.

The purpose of the Staff Interchange-Staff Profile file is to capture and verify the attributes of staff employed by the LEA or purchased service staff providing services for the currently selected school year. This data is collected for the Human Resources snapshot (employees and purchase service staff as of December 1st); Special Education December Count snapshot (employees and purchased service staff as of December 1st), Staff Evaluation (all licensed evaluated staff) and Teacher Student Data Link snapshot (all teachers throughout the school year).

Dependencies:

Each staff member or purchased service provider has been assigned an Educator Identifier (EDID) and updated through the Educator Identification System (EDIS).

Record Expectation:

In the Staff Interchange-Staff file, the LEA should submit 1 record per staff per LEA for staff employed or purchased service provider as of December 1st of the selected school year (for the purpose of the December 1st count snapshots) AND all educators of record/contributing professionals (definitions below) employed during the school year (for the purpose of the Teacher Student Data Link snapshot). *The Educator of Record is an individual assigned primary responsibility for a student's learning in a subject/course with aligned performance measures; a Contributing Professional is an individual assigned responsibility to provide additional services that support and increase a student's learning in a subject/course with corresponding aligned performance measures.*

Use Summary:

(Fields from this file are used in the following CDE Collections which require LEA/AU effort): Human Resources, Special Education December Count, Staff Evaluation, Teacher Student Data Link

File Notes:

- New changes from 2024-2025 are emphasized with yellow shading.
